SKILLS

Languages: Python ,R,Java,C++,C
Frameworks/Libraries: Numpy,Pandas,Matplotlib,Tensorflow
Tools/Platforms: MySQL, Tableau,Apache,Hadoop
Soft Skills: Problem-Solving, Teamwork, Adaptability, Quick Learner

PROJECTS

Stock Management System

May' 2024 -Jul' 2024

- Developed a stock management application that allows users to manage inventory, track sales, and generate reports. This application will use NumPy for numerical computations, Pandas for data manipulation, and Matplotlib/Seaborn for data visualization.
- Designed Interactive dashboards using graphs and charts to visualize stock trends, sales patterns, and inventory levels.
- Utilized Pandas for data manipulation tasks and NumPy for numerical computations to ensure accurate reporting and analysis.

Sales Analytic Dashboard

Oct' 2024 - Nov' 2024

- Developed a web-based sales analytics dashboard that enables businesses to analyze sales data, monitor performance metrics, and visualize trends over time. The application provides interactive tools for stakeholders to deeply understand sales patterns.
- Experienced in developing web applications with Flask, and managing databases using SQLite/MySQL. Knowledgeable in front-end technologies including HTML, CSS, and Bootstrap for creating responsive user interface

Summer TRAINING

Lpu| Data visualization and Analytics

Jun' 2024 – Jul' 2024

- Learned hands-on experience, enabling a deeper understanding of data visualization and analytics. This suggests that the activities involved enriching one's capabilities in interpreting and manipulating data effective.
- focused on the skills developed suggests a range of competencies acquired during the internship, which may include technical skills (e.g., proficiency in data visualization tools, statistical analysis techniques), analytical thinking, communication skills (e.g., presenting data findings), and teamwork.

CERTIFICATES

Data Visualisation Using Python Lpu	Oct' 2024
Data Structures and Algorithms coursera	Nov' 2023
C++ Coursera	Apr' 2024
ChatGpt advanced analysis coursera	Apr' 2024
Sql for data Science Great Learning	

Achievements

obtained an N.G.O. certificate

elected as the head boy in the ninth grade and as the class monitor from the sixth to the eighth grade.

won first place in the dance competition.

EDUCATION

Lovely Professional University

Bachelor of Technology
Computer Science and Engineering; CGPA: 7.1

Phagwara, Punjab
Aug' 2022 – Present

Sri Viswa Jnr Clg

Intermediate
Percentage: 87%

Visakhapatnam, A.P
Jun' 2020 – May' 22

Abhyas School

Matriculation
Percentage: 91%

Garividi, A.P
Mar' 2019– May' 2020
